

gilbert & virginia  
**Contreras**  
Missionaries to Argentina

We are Gilbert & Virginia Contreras, AG missionaries from the SoCal Network.  
We have been serving in Argentina for over 18 years with the vision of:

Reaching, equipping, training and empowering tomorrow's  
leaders, to obey the Great Commission.

We are **reaching the lost**, by training the found:

- equipping** Sunday School teachers, pastors and professionals
- training** university students to boldly share their faith in a secularized context
- empowering** congregations to actively preach the Gospel through compassion ministries

Virginia is the Sunday School director for the Assemblies of God in Argentina, Editor of the magazine CONOZCA, member of Christian Education Service for the Spanish speaking AG and member of the Anti-Trafficking sub-committee of the WAGF.

Gilbert is the President of the university ministry of AG in Argentina, member of La Red Universitaria and ACLAME.

**Together we are developing resources** for the national church, enabling them to put their faith into action outside the four walls of the church.

We are also **empowering the local church to actively preach the Gospel through compassion ministries** so that the lost might be reached.

You can be a part of empowering tomorrow's leaders, to obey  
the Great Commission in Latin America!
