Missionaries to Argentina

We are Gilbert & Virginia Contreras, AG missionaries. We have been serving in Argentina for over 22 years with the vision of:

Reaching, equipping, training and empowering tomorrow's leaders, to obey the Great Commission.

We are **reaching the lost**, by training the found:

- **Teaching, training, mentoring and coaching** pastors, church leaders and missionaries to lead biblically-centered ministries.
- We are **reaching and discipling students** and professionals to live gospel-centered lives.
- We are **fighting human trafficking** by implementing **prevention strategies** and producing a podcast in Spanish.

Together we are developing resources to engage and equip Christ-followers from diverse churches to participate in God's global mission.

You can be a part of empowering tomorrow's leaders, to obey the Great Commission in Latin America!
